Gary Rentschler : Here's How to Do Stuttering Therapy before purchasing it in order to gauge whether or not it would be worth my time, and all praised Here's How to Do Stuttering Therapy:

Survey research reveals that SLPs feel poorly prepared to treat children and adults who stutter. Here's How to Do Stuttering Therapy serves as a practical guide to provide stuttering therapy, based upon a well-articulated philosophy of the disorder. The book is a practical guide that provides readers with a solid rationale for assessment and treatment, but does not dwell on theories, philosophies, or specific programs. Rather, the orientation is toward application, while providing a justification based upon research and the information we know about stuttering. The uniqueness of the book is the focus on applied practice and functional applications. While other books present theory and structure of therapeutic approaches, Here's How to Do Stuttering Therapy offers a hands-on, eclectic approach centered on the

needs of the client, rather than the structure of any specific treatment program.

About the Author Dr. Rentschler is Clinic Director at Duquesne University, where he heads the stuttering therapy program at the University Clinic. He is a Board Recognized Specialist in Fluency Disorders, and is currently serving as a Board member of the Specialty Recognition Board. Dr. Rentschler has been recognized as Speech Pathologist of the Year by the National Stuttering Association. In addition to his role in clinical education, he teaches courses in stuttering therapy, professional ethics, and legal issues for speech pathologists. Dr. Rentschler received a Master of Arts and Doctoral degrees from State University of New York at Buffalo.
