HIPAA healthBy seminolaGreat product, price was right - used it for school as a prerequisite for my clinicals at the local hospitals. Highly rfecommend this merchant, video arrive

early than expected. Excellent customer service.

This Tutorial CDROM or online based course by LearnSomething is a complete tutorial that covers all the HIPAA Privacy laws encountered in the Health Care setting and incorporates a printable certificate upon completion. All allied health programs are required to cover HIPAA. The second edition incorporates the new regulations from the government adopted over the past several years and required healthcare settings in 2009. The LearnSomething format is an excellent vehicle to reinforce critical HIPAA material in class or used as an outside of class tutorial. The course takes from 2 to 5 hours to complete and includes a printable "certificate of completion" for the health professionals portfolio upon successful completion of the course.
