HPro, Inc, Lynn Riddle Brown RN BSN CRNI COS-C : Home Health Competency Management System: Nursing before purchasing it in order to gauge whether or not it would be worth my time, and all praised Home Health Competency Management System: Nursing:

Measure and document the skills of your nurses with Home Health Competency Management System: Nursing. This section is one of four in the comprehensive Home Health Competency Management System: A Toolkit for Validation and Assessment, and provides detailed skill and performance assessments to help you evaluate nurse competencies in such areas as feeding tubes, diabetes management, catheters, and dozens more. Follow this blueprint of what competencies you need to assess and how best to assess them and you will ensure regulatory compliance and employ

staff who demonstrate their professional aptitude and embody your high standards for patients and family members. The Home Health Competency Management System and its individual components will help you: Standardize the performance of clinicians throughout your agency by training and evaluating them on the same set of core competencies Measure clinician proficiency both at orientation and throughout the year to validate each individual's competency or address skills that need improvement Train staff on peripheral procedures that are not related to their expertise but are just as important, such as infection control, HIPAA requirements, regulatory compliance, and OASIS assessments Acknowledge the value of your clinicians' work by setting expectations that validate their contributions to the success of your agency Incorporate the competencies included in this manual into the initial training/ orientation of your RNs, LPNs, therapists, therapist assistants, and aides Avoid citations and comply with federal and state regulations by maintaining accurate documentation of clinician competencies Save time tracking each individual's competencies using the downloadable templates that come with the purchase of the complete system Keep your competency management program current with your FREE 2012 system update (for purchasers of the complete Home Health Competency Management System) How it works When you order the Home Health Competency Management System: A Toolkit for Validation and Assessment, for \$349, you'll receive a binder of the complete product, which consists of competencies in four areas: nursing, therapy, home health aide, and general. You will also have the option to download any or all of the sections electronically for immediate use. You will also receive electronic access to your FREE copy of Beacon Health's Guide to Managing Your Competency Program, as well as free updates in fall 2012 to keep your competency evaluation program fresh! You have the option to order each individual chapter separately for \$99. Each will be available electronically, for immediate download.
