The definitive guide to the homeland security enterpriseupdated with critical changes in missions, tactics, and strategies [T]he best. . .The book is extremely well organized for an undergraduate class in homeland security.Homeland Security Affairs Homeland Security is much more than a textbook. It is an indispensable reference

resource for those seeking to understand how terrorists operate and the structures and mechanisms that have been developed to respond to the magnitude of the terrorist threats confronting us. The Washington Times Homeland Security: A Complete Guide is the authoritative guide to the history, mission, and evolution of the national homeland security enterprise, including federal, state, local, and private sector efforts. Whether you're a first responder, corporate executive, government official, or concerned citizen, this book provides a comprehensive understanding of U.S. homeland security and your own role in preparing for and responding to terrorism and disasters. Since publication of the previous edition in 2005, the Department of Homeland Security, other government agencies, and the broader homeland security enterprise have grown to cover all hazards and respond to emerging threats and policies. Documenting and analyzing these trends, this new edition of Homeland Security: A Complete Guide has been expanded and updated to include: New insights from the authors' close contacts with high-level government and business officials Late-breaking academic research, government reports, and examples from the field Lessons learned from foiled terror plots, natural disasters, and the wars in Afghanistan and Iraq The use of emerging technologies by terrorists and responders alike Controversies surrounding civil liberties, airport security, immigration, and government funding An ideal resource for academic and training classrooms, Homeland Security: A Complete Guide includes an overview, learning objectives, source documents, discussion topic, summary, and quiz for each chapter. Updates to this edition cover Emerging threats Incident management Myths about weapons of mass destruction Hurricane Katrina's effect on homeland security Border, maritime, and aviation security Business preparedness Cybersecurity The roles of state and local government National strategy assessment Technology Domestic counterterrorism Military support Responding to natural and human-made disasters The intelligence cycle State-sponsored terrorism Protecting critical infrastructure Foiled terror attacks Public awareness Islamist and domestic extremism Security trends from colonial days to 9/11

**About the Author** Mark A. Sauter is a senior managing director of Spectrum Capital Advisors and graduate of Harvard University (MCL), the Columbia University Graduate School of Journalism, and DHS CERT training. He also served as a U.S. Army infantry and Special Forces officer. A witness to disasters from hurricanes to forest fires, he experienced terrorism firsthand on 9/11 while living in downtown Manhattan. James Jay Carafano is the deputy director of The Kathryn and Shelby Cullom Davis Institute for International Studies and director of the Douglas and Sarah Allison Center for Foreign Policy Studies at The Heritage Foundation. His research focuses on developing the national security required to secure the long-term interests of the United States.
