**Suzan Schneeweiss, Amina Lalani : Hospital For Sick Children Handbook Of Pediatric Emergency Medicine (SickKids)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Hospital For Sick Children Handbook Of Pediatric Emergency Medicine (SickKids):

0 of 0 people found the following review helpful. Needed for Emergency Room RotationBy Sujay GoreThe book is needed for an Emergency Room setting, all the diagnosis and treatment points are all well set out for a quick look, when one is doubt of a certain treatment, or diagnostic test. I recommend it to medical students, and junior casualty officers.0 of 0 people found the following review helpful. Five StarsBy P Schwarzkopfgreat book

Written by top pediatricians from the world-famous Hospital for Sick Children in Toronto, Canada, this handbook encapsulates 68 chapters covering assessment and management of emergency pediatric illness and injury. The Hospital for Sick Children Handbook of Pediatric Emergency Medicine is the absolute must-have resource for every pediatric caregiver.
