Could help some nurses that aren't using computers to chartBy GrandmaNurseHeatherOkay, I liked it as a former Home Health Administrative Secretary who used to type out these things on paper called 485's but that was years ago. My husband just started working as a nurse in Home Health and I thought that it would help him but it didn't. He uses an electronic charting system and found it unnecessary due to the codes already being loaded into the software. I guess I'm behind the times. Sometimes it is just nice to flip through a book though! I'm sure that some nurses would find it useful, but not him. I returned it.2 of 2 people found the following review helpful.
