By Doctor Disney Fan If you are a physician or in healthcare management, billing, or coding, You MUST buy this book. Everything you need to know, in a nice spiral binding because you will be using this A LOT. You really can't beat the AMA for giving you accurate and current information. Honestly, I'm not that excited about ICD-10, but what can we do? Just be prepared, that's all. 6 of 6 people found the following review helpful. ICD-10 By purpleleaf This is an awesome book. The Index is gray, kind of drab, but it is a draft. I tabbed mine right away. The Tabulars are colored and wonderful. It is a blessing to have my own copy for my college classes. Any one taking certifications will need this book by June 1st. so order today. It is much needed to all coders And MIBC students. 0 of 0 people found the following review helpful. It is

what it is. By Sharon Z What I needed for my course.

This codebook provides the complete draft code set for diagnostic coding. All 21 chapters have been organized to provide quick and simple navigation of the text in order to facilitate accurate diagnostic coding.
