American Medical Association : ICD-10-CM 2017 The Complete Official Code Book (Icd-10-Cm the Complete Official Codebook) before purchasing it in order to gage whether or not it would be worth my time, and all praised ICD-10-CM 2017 The Complete Official Code Book (Icd-10-Cm the Complete Official Codebook):

12 of 12 people found the following review helpful. Two StarsBy DBDoesn't have the updated guidelines for 2017.15 of 16 people found the following review helpful. Buyer BewareBy CustomerThe Amazom price is 1/3 less than the AMA's, BUT...Quite a few of the pages have blurry printing, making those codes unreadable.6 of 6 people found the following review helpful. As an inpatient medical coder, I use this book ...By ShepherdgirlAs an inpatient medical coder, I use this book daily in addition to my encoder. The coding examples at the beginning of each chapter is a welcome addition.

ICD-10-CM 2017 The Complete Official Codebook presents the complete code set 21 chapters within a tabular list of diseases and injuries.

About the AuthorThe American Medical Association (AMA) is the premier national organization dedicated to shaping a healthier future for America by empowering the nation's physicians to provide safer, more efficient and higher quality care for patients and communities. For more than 50 years the AMA has used its knowledge and resources to author and publish books, data files and online resources that answer the needs of today's busy physicians and their staff. The AMA line includes titles on CPT(R), HCPCS and ICD-10 coding; reimbursement; practice management; impairment; and HIPAA, electronic health records and Meaningful Use.
