Carline Dalglish : ICD-10-PCS Coding System: Education, Planning and Implementation (Flexible Solutions - Your Key to Success) before purchasing it in order to gage whether or not it would be worth my time, and all praised ICD-10-PCS Coding System: Education, Planning and Implementation (Flexible Solutions - Your Key to Success):

2 of 2 people found the following review helpful. Fantastic Learning Tool!By Rosemary DettelbackSince I am not presently working in the Healthcare field and am taking the Ed2Go online ICD-10 Medical Coding course, I felt it was beneficial to have several informative medical coding reference books. I purchased this one along with ICD-10-CM Diagnostic Coding System: Education, Planning and Implementation. Carline Dalglish has written two outstanding books. They are clear, concise, student-friendly, and the text is very well laid out. They are an awesome resource for any student considering a career as a medical coder, and they will definitely prepare you for the implementation of

ICD-10 in October 2015. Both of these books have been wonderful in helping me to acquire the ICD-10-CM and PCS coding concepts. They are an outstanding medical coding learning tool, and I give them a 5-Star Rating. 2 of 2 people found the following review helpful. AwesomeBy Kindle CustomerThis book is perfect if you are learning Medical Coding Billing. It goes deep into the new information for ICD 10. teaches you the reasons and even gives examples of use and sample codes from the coding book. 0 of 0 people found the following review helpful. Three StarsBy JustineAs expected

ICD-10-PCS CODING SYSTEM fully prepares current and future medical coders for the transition to the ICD-10-PCS coding system that will go into effect on October 1, 2013. This comprehensive guide covers ICD-10-PCS procedure coding, highlighting changes in terminology, functionality, guidelines, and conventions. Whether you need to understand and review the impact the transition will have on the industry, or if you need to learn to assign ICD-10 codes accurately, ICD-10-PCS Coding System will prepare you for the road ahead.

"I definitely think that this book will be a great help as it covers the basics of the new code book as well as the guidelines and works them together for each chapter." Carrie Heinz, RHIT, Presentation Medical Center and Rolette Community Care Center, Rolette, ND "I see this book as beneficial for both student and instructors for the ICD-10 transition. Format covering chapter to chapter of the ICD-10 book provides a natural progression for learning." Anne C. Karl, RHIA, CCS-P, CPC, CCS, Rasmussen College, Eden Prairie, MN About the Author Carline Dagleish has been employed in the medical business office management profession since 1970. She began in the Medical Records department of the Army/Air Force Hospital in Nuremberg, Germany and has, over the years, performed accounts receivable and business office management services for physicians, clinics, and hospitals, and Medicare. She has experience in administrative and financial departments, as well as management experience in business office administration, regulatory compliance, information technology, and is a subject matter expert in administrative medical assisting, and medical billing and coding. In addition, she has created the curriculum for and instructed many accounts receivable and accounts payable educational programs, with an emphasis in administrative medical assisting, and medical billing and coding. In the early 90's, Ms. Dagleish moved full-time into curriculum development, teaching and management of business and allied health education programs, with special emphasis on medical business office administration and management. Ms. Dagleish holds a Bachelor's degree in Business Information Systems, and a Master's degree in Leadership. She's an AHIMA Approved ICD-10-CM/PCS Trainer, and is a member of the American Health Information Management Association (AHIMA) and the American Association of Healthcare Administrative Management (AAHAM), and owns her own educational consulting firm, AnnGrant Education Services, Inc.
