Ingenix : ICD-10-PCS: The Complete Official Draft Code Set (2012 Draft) before purchasing it in order to gauge whether or not it would be worth my time, and all praised ICD-10-PCS: The Complete Official Draft Code Set (2012 Draft):

0 of 0 people found the following review helpful. ICD-10-PCSBy cheryl y. williamsThe book is very helpful to me understanding the new concept of coding procedures. The rating I gave this item I did is because it helped me in ways to understand coding I never understood before. When you try to learn a concept on your own time, books like this are very helpful. I would recommend someone in my position to take the time to learn coding issues like I did by purchasing the books and textbooks to help you understand better.0 of 0 people found the following review helpful. ReviewBy OptictongueA book I needed for my classes at a technical school. This was cheaper than buying at the bookstore. Worked fine and got me through the class.0 of 0 people found the following review helpful. Five StarsBy NatalieA good text book.

Now with our Ingenix Edge hallmark features and format the Ingenix 2012 ICD-10-PCS: The Complete Official Draft Code Set makes facing the challenge of learning a new code set easier. Prepare for the future of coding with the most recent and comprehensive update to the code set. The current rule published in the Federal Register sets the adoption of ICD-10-CM to replace ICD-9-CM Volume 3 to go into effect October 1, 2013.
