Ingenix : ICD-9-CM 2013 Expert for Hospitals and Payers Volumes 1, 2, 3 (ICD-9-CM Expert for Hospitals Payers) before purchasing it in order to gage whether or not it would be worth my time, and all praised ICD-9-CM 2013 Expert for Hospitals and Payers Volumes 1, 2, 3 (ICD-9-CM Expert for Hospitals Payers):

1 of 1 people found the following review helpful. Students: Buy sticky tabs for this book!By Vera TassI purchased this as a required textbook for my ICD coding course in college. It is bulky, and it can be difficult to navigate, especially during timed tests. I do like the binding, it allows the book to lay flat when open.I ended up purchasing 3M tabs so I could label the different sections in order to I quickly find the codes I needed. Once you understand the layout, it's very easy to find what you need, the only tricky part is learning the coding procedures. For that, I highly recommend Faye Brown's ICD-9-CM Coding Handbook.0 of 0 people found the following review helpful. Great Value for usedBy Ruthie AnnI was delighted with the condition of this book and the speed in receiving it. The seller/sender was extremely prompt in mailing and even included a thank you note for purchasing. If you have any hesitation in purchasing a used book stating good condition...well go for it as I did results were great. Saved a great deal of money. Kudos to the seller.0 of 0 people found the following review helpful. Great value!By sirius1nWAI ordered this book because it was required this semester for school. This is the best price I could find without having to join a professional organization (which is premature since I'm still a student) in order to receive a membership discount to

purchase this book from them. This item arrived exactly as advertised, new and in excellent condition, wrapped in plastic.

ICD-9-CM Expert for Hospitals and Payers provides accurate and comprehensive coverage for diagnosis coding and reimbursement. Optum experts study industry changes and trends while seeking feedback from coding professionals to ensure your code book provides accurate and up-to-date information in an easy to use, intuitive format. Remain a step ahead with a resource that is designed to enhance performance in your daily work. Key features and benefits: ICD-10 Spotlight. Preview ICD-10 codes with the most frequently reported ICD-9-CM codes to learn as you work. Present on admission (POA) indicator tutorial with source documentation table. Access additional explanation and examples to help simplify POA, plus official guidelines regarding use of information in the medical record. Dx/MDC/DRG list. Enhance overall reimbursement and reduce potential fine risks with information concerning the MDC and MS-DRG that a specific principal Dx group is under in the new MS-DRG system. 10 Steps to Correct Coding. Receive step-by-step instructions to improve coding accuracy and more effectively use ICD-9-CM conventions. Intuitive color-coded symbols and alerts. Identify critical coding and reimbursement issues quickly with alerts on the same page as the code you need. Hallmark page design and features. Locate information quickly with a user-friendly page design, including dictionary-style headers, Quickflip™ color bleed tabs, and legend keys.
