Faye Brown, Nelly Leon-Chisen : ICD-9-CM Coding Handbook, without Answers, 2015 Rev. Ed. (Brown, ICD-9-CM Coding Handbook Without Answers) before purchasing it in order to gage whether or not it would be worth my time, and all praised ICD-9-CM Coding Handbook, without Answers, 2015 Rev. Ed. (Brown, ICD-9-CM Coding Handbook Without Answers):

0 of 0 people found the following review helpful. I've used the book before and love it. My "issues" are with the publisherBy Susan F. SlajusOrdered multiple copies for my students. I've used the book before and love it. My "issues" are with the publisher. The covers are on upside down on some and others don't have enough binding material as the pages easily fall out. By the time we started using the books in November it was well past the return/exchange date for the purchase. Lesson learned.0 of 0 people found the following review helpful. Five StarsBy Phillipia WalkerGreat book!! Fast shipping.0 of 0 people found the following review helpful. Five StarsBy Adrian D. LeeGreat

book, definitely worth the money!

The ICD-9-CM Coding Handbook is the only guide published in collaboration with the Central Office on ICD-9-CM of the American Hospital Association. The Central Office is the official industry body that prepares the AHA Coding Clinic for ICD-9-CM. The Handbook helps coders understand the principles behind the classification system so they can apply the official coding advice found in the ICD-9-CM Coding Manual. Academic and in-service instructors can easily arrange course outlines and study exercises around Handbook chapters to train new and experienced coders. Each Handbook contains 100-plus exercises and review questions plus, 269 case summary exercises that are based on real patient records.

About the Author Nelly Leon-Chisen is the Director of Coding and Classification at the AHA, where she heads the Central Office on ICD-10-CM and ICD-10-PCS, and the Central Office on HCPCS. She represents the AHA as one of the cooperating parties responsible for the development of AHA Coding Clinic; for ICD-10-CM and ICD-10-PCS, the ICD-10-CM Official Guidelines for Coding and Reporting, and the ICD-10-PCS Official Coding Guidelines.
