Optum360 : ICD-9-CM Expert for Physicians - 2015 (Spiral) before purchasing it in order to gage whether or not it would be worth my time, and all praised ICD-9-CM Expert for Physicians - 2015 (Spiral):

0 of 0 people found the following review helpful. Great buy.By ACEI am taking a course on coding and this book is required. Great book. Tons of helpful hints, color coded information, etc. Be sure to get the Expert for Physicians edition. It is well worth it. And if you are taking a course, this is a great book to own, not borrow. You will need it to take the test and get certified, and they recommend you get very familiar with your personal coding book.0 of 0 people found the following review helpful. Five StarsBy B. HortonArrived very quickly and exactly what I needed.1 of 1 people found the following review helpful. Five StarsBy AggieI really like the way this book is laid out! Thank you!
