Jobs in the medical fieldwill always be in demand. Before shelling out thousands to enroll in a technicalschool I purchased this and one other book. While the material is just what the schoolwould be teaching.....perusing the text book told me that this particular careerpath was not for me. It is an inexpensive method to check out the materials thatone would use in training.0 of 0 people found the following review helpful. Five StarsBy CHARLOTTE TAYLORGreat book1 of 3 people found the following review helpful. Never Received ProductBy UnhappyI will not be ordering from again. I never received this product. When I let the people know that I never received the product, there wasn't anything done about it. So I really dont have a rating for this product.
