**Marion Franz, Diane Reader, Arlene Monk : Implementing Group and Individual Medical Nutrition Therapy for Diabetes** before purchasing it in order to gage whether or not it would be worth my time, and all praised Implementing Group and Individual Medical Nutrition Therapy for Diabetes:

Make the most of medical nutrition therapy with the most effective step-by-step methods available. This comprehensive guidebook was created from the successful processes used to provide medical nutrition therapy over the past 20 plus years at the International Diabetes Center in Minneapolis. Understand clearly how to give diabetes patients of all ages and conditions the knowledge, skills, and motivation they need to incorporate lifestyle self-management into their daily routine.
