Emily Rhinehart, Mary McGoldrick [Friedman] : Infection Control In Home Care And Hospice before purchasing it in order to gage whether or not it would be worth my time, and all praised Infection Control In Home Care And Hospice:

0 of 0 people found the following review helpful. Good data for teachingBy Sandra W.Just what I was looking for to have data for teaching CNAs and nurses infection control.0 of 0 people found the following review helpful. :)By Denise R YatesVery good update to their first book. Excellent resource for Hospice infection control. I recommend it for anyone working in Hospice and/or Home Health.0 of 0 people found the following review helpful. Five StarsBy Philly gVery thorough and up to date.

An official publication of the Association for Professionals in Infection Control and Epidemiology, Inc. (APIC), the

highly successful *Infection Control in Home Care and Hospice* helps home care providers assess the infection control needs of their organization, and develop home care infection and surveillance programs. The Second Edition has been thoroughly updated and revised with the latest CDC Guidelines on infection control in home care, including Hand Hygiene, Prevention of IV-related Infections, and the 2004 Isolation Guideline.
