Shelley Safian MAOM/HSM NCICS CHA : Insurance Coding and Electronic Claims for the Medical Office before purchasing it in order to gage whether or not it would be worth my time, and all praised Insurance Coding and Electronic Claims for the Medical Office:

This text is structured to reflect a day in the life of an insurance coddling and billing specialist. Using a "layered learning" concept, the student will move through the book in a logical progression, building upon each element learned at each stage of the reimbursement process. Students will learn to carefully glean pertinent data to code accurately from review and analysis of: a.) Superbills, b.) Providerrsqo;s notes, c.) Referral authorization forms, and d.) New

patient information forms.
