leaves you wondering what it is much less what it does. IMT appears to be a religion.0 of 1 people found the following review helpful. Five StarsBy Howard WilliamsThis is a great book

This book describes clinically proven hands-on techniques to decrease the pain and tensions of the myofascial tissues that cover every bodily organ. Included are protocols for lower back pain, respiratory discomfort, spinal dysfunction, headaches and migraines, joint problems, plantar fasciitis, and more. Illustrated throughout, this is the fourth volume in the Integrative Manual Therapy series.
