The Student Workbook contains exercises to reinforce what you will learn in both Intermediate and the classroom. The exercises bridge the gap between the 1985 and 1999 DOT EMT-Intermediate National Standard Curricula while still keeping them separate, making it user friendly. You will find a variety of exercises for each chapter, including Multiple Choice, Ambulance Calls, Skill Drills, Labeling, Word Fun, and more. In case you have a question about an

exercise, page references to Intermediate are provided for every question in the Student Workbook. Perforated pages make it easier for you to hand in your homework assignments.
