William J. Thieman, Michael A. Palladino : Introduction to Biotechnology (2nd Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Introduction to Biotechnology (2nd Edition):

0 of 0 people found the following review helpful. Five Stars By Ed This book edition got me through the 2017 course, didn't have to buy the new book. Good stuff. 0 of 0 people found the following review helpful. Bang for buck By College_Stuff Package arrived a day before it was scheduled. This book makes a great introduction to the biotech field. You don't really need to know much before reading it. Condition was average had a few library stickers. 0 of 0 people found the following review helpful. Five Stars By Patricia Gamba I recommend the seller and the product! :)
