**Sunny Handa : Introduction to Clinical Clerkships: A Comprehensive Guide to Clinical Medicine** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Introduction to Clinical Clerkships: A Comprehensive Guide to Clinical Medicine:

0 of 0 people found the following review helpful. Five StarsBy Norinegood reference for soap notes in the clinic for medical students. useful tool.0 of 1 people found the following review helpful. Absolutely Essential!By Rikesh BuddhdevNo med student should go without this reference book - easy to carry around during rotations and absolutely essential when needing references, abbreviations, and taking notes.Awesome guide, thank you!

One of the best pocket references for all medical students to use throughout their clerkships and hospital based rotations. This guide will walk you through the most important elements in obtaining, formulating and presenting a patient case. This small pocket guide can be carried on all rotations with detailed information on writing SOAP notes for medical school rotations on the wards in pediatrics, psychiatry, surgery, medicine, obstetrics and gynecology. Get the clerkship guide as a soft cover book or spiral edition with additional information on commonly used abbreviations, calculations, important numbers, and frequently used mnemonics.
