**Robert McCarthy : Introduction to Health Care Delivery: A Primer for Pharmacists** before purchasing it in order to gage whether or not it would be worth my time, and all praised Introduction to Health Care Delivery: A Primer for Pharmacists:

0 of 0 people found the following review helpful. Five StarsBy CustomerGreat Product!!!0 of 0 people found the following review helpful. Did its jobBy BNot much to consider here. The book was not too essential for pharmacy

practice. It was solely used for passing a single exam. 0 of 0 people found the following review helpful. Informational, but very dry  
By A. Reed  
This book is hard to read for extended periods of time. It has a lot of information, but it is very dry.

This revised edition of *Introduction to Health Care Delivery: A Primer for Pharmacists* offers a current and comprehensive picture of the U.S. health care delivery system while emphasizing the perspective of the pharmacy profession. Each thoroughly updated chapter in the new edition of this practical text includes real-world case studies, learning objectives, chapter questions, questions for further discussion, and updated key topics and terms. New to the Fourth Edition is an updated Medicare/Medicaid chapter that reflects current regulations, a comprehensive glossary, and online instructor resources including case response scenarios.
