2 of 2 people found the following review helpful. Excellent BookBy Kariani RaeThis book is one to purchase and not rent. There is a workbook in the back that is extremely helpful in reviewing and applying the knowledge learned in the book. The CD/DVD is also has excellent animations and videos that help further knowledge of the subject. Very useful.

"["Introduction to Phonetics and Phonology: From Concepts to Transcription"] has the novelty of combining material relating to phonology with the basics of phonetics which makes it more interesting, applicable, and versatile." -"Sue Bessel Hume, University of Tennessee" "Well on its way to becoming one of the premier textbooks on introductory phonetics (and phonology). I like it better than the texts I'm currently using." -"Michael Blomgren, University of Utah"
