**Tyson E. Franklin : It's No Secret...There's Money in Podiatry** before purchasing it in order to gage whether or not it would be worth my time, and all praised It's No Secret...There's Money in Podiatry:

0 of 0 people found the following review helpful. The casual tone and concise breakdown made this an easy read; would definitely work as a great reference ...By Karla De La MataAs a future podiatry student, I am far from owning my own private practice but after reading Dr. Franklin's book the possibility for anyone to do so definitely exists! The book discusses what a podiatrist should do to have their business serve themselves while simultaneously serving the patient (win-win all around), while still being short enough that you may need to do further research to truly grasp such effective concepts. The casual tone and concise breakdown made this an easy read; would definitely work as a

great reference point and even a positivity boost (believe in it and you can achieve it!).0 of 0 people found the following review helpful. Definitely a need readBy Grantonius DTyson sums up how to operate a Podiatry practice perfectly and whats fantastic is his a Podiatrist! I can relate to this book than any other business book ive ever read0 of 0 people found the following review helpful. Not USA podiatryBy K. MadiThe book itself is good but not written for USA podiatrists.

"If I wanted to be a successful podiatrist the first thing I would do is read Tyson's book. In his own unique style, he shares exactly what he has done to be at the top of his game as one of the most successful podiatrists in the country. This is a book I strongly recommend." Andrew Griffiths (Australia's #1 Small Business Author)nbsp;

When technology meets health, nobody integrates it into business better than Tyson Franklin.nbsp;Scott Sorensen (Director of Bodytech Systems Footpoint Australia)nbsp;
