Hospital : Emergency Preparedness and Response:

0 of 0 people found the following review helpful. Great field manualBy banker1966Very useful and easy to keep in field bag.0 of 1 people found the following review helpful. Great saleBy GlennGreat sale and had no problems what so ever and was happy with everything. Arrived quickly and in great shape.2 of 2 people found the following review helpful. Outstanding guide to the first response efforts in mass casualty incidentsBy Michael A. DuvernoisThis is a conveniently sized handbook for the first responder, and for the emergency preparedness teams, tasked with mass casualty preparedness. It seems practical, straightforward, and clearly written for actual use as opposed to liability coverage. This set of protocols is intended to work along with the corresponding hospital guidebook from Jane's.

"Jane's Mass Casualty Handbook: Pre-hospital" provides detailed planning, response and recovery information for paramedics and other on-scene emergency responders. This valuable resource identifies critical planning issues and presents important checklists and response considerations in a succinct and user-friendly format. The recommendations provide realistic and useful guidance for the entire prehospital system. Customise this indispensable guide with your own organisation's details. You can also buy in bulk and make significant savings.

About the AuthorMr. DeAtley is Deputy Director of the Institute of Public Health at Washington Hospital; prior to that he was Associate Professor, Emergency Medicine, Disaster Medicine and Special Operations Section at the George Washington University School of Medicine and Health Sciences. He is a physician assistant with over 20 years experience and a leading expert in emergency disaster preparedness including terrorism, chemical, biological and nuclear incidents. Mr. DeAtley is also the assistant medical director of the US Customs Service, and consults to the Centers for Disease Control and Prevention and the US Department of Justice. Mr. DeAtley was named the 2002 Outstanding Physician Assistant of the Year by the American Academy of Physician Assistants.
