The best-selling general psychiatry text since 1972, Kaplan and Sadock's *Synopsis of Psychiatry* is now in its thoroughly updated Ninth Edition. This complete, concise overview of the entire field of psychiatry is a staple board review text for psychiatry residents and is popular with a broad range of students in medicine, clinical psychology, social work, and occupational therapy. This edition includes new chapters on health care delivery systems and end-of-life care and palliative medicine. Coverage of psychotropic drugs and neuropsychiatric foundations of biological psychiatry has been significantly updated. The book is DSM-IV-TR compatible and replete with case studies and tables, including ICD-10 diagnostic coding tables.
