Kaplan : Kaplan Medical PANCE: The Complete Guide to Licensing Exam Certification for Physician Assistants before purchasing it in order to gauge whether or not it would be worth my time, and all praised Kaplan Medical PANCE: The Complete Guide to Licensing Exam Certification for Physician Assistants:

10 of 10 people found the following review helpful. Great Resource By Karah This is a great source to answer most any question someone may have about the PANCE. The 2 full length practice tests were spot on DIFFICULT. I feel like they certainly prepared me for the actual test. This is certainly worth the price. 0 of 0 people found the following review helpful. It was a waste of money By KR The book is more geared to give you insight into how to take the test,

not the content. They include two practice tests in the second half of the book but that's it for content. This is not what I was looking for. 1 of 1 people found the following review helpful. Great book By N. Begum Haven't studied it thoroughly yet. But great book so far. I'm definitely telling people to buy this for the boards. Thank you

The most up-to-date guide to passing the PANCE (Physician Assistant National Certifying Exam), brought to you by Kaplan Medical, the world leader in health science exam strategies!
