Michelle A. Green, Mary Jo Bowie : Lab Manual to Accompany Essentials of Health Information Management: Principles And Practices before purchasing it in order to gage whether or not it would be worth my time, and all praised Lab Manual to Accompany Essentials of Health Information Management: Principles And Practices:

0 of 0 people found the following review helpful. perfectBy M. SandellEverything was perfect with my order! It arrived quickly and in perfect condition. I would order again. A great value.0 of 3 people found the following review helpful. -10 VERY UNHAPPY DON'T WASTE YOUR \$\$\$By April S. NielsonI ordered this book, good condition with no highlites. HOWEVER; it is MISSING pages 52-67. I have contacted her twice (2 times) and she has done nothing. NOW I have to get another book. Do not waste your money ordering from her. How would I rate, a -10. April

Lab Manual for Essentials of Health Information Management contains application-based assignments organized according to textbook chapters, which reinforce learning and encourage skill building. While intended for all learners, the lab manual will be helpful particularly for learners who will complete a future professional-practice experience in the health information department of a hospital.

About the Author Michelle A. Green is a SUNY Distinguished Teaching Professor in the Physical and Life Sciences Department of the College of Technology at Alfred State College. An active member of the American Academy of Professional Coders (AAPC) and American Health Information Management Association (AHIMA), Ms. Green has been recognized for both teaching and for her significant contributions to the Health Information Management profession. She has earned numerous awards, including the State University of New York Chancellor's Award for Excellence in Teaching, Alfred State College's Alumni Association Teacher of the Year, Who's Who Among America's Teachers, and the FORE Triumph Educator Award from the AHIMA. Ms. Green is a Registered Health Information Administrator (RHIA), a Fellow of the American Health Information Management Association (FAHIMA), and a Certified Procedural Coder (CPC). She earned a BS from Daemen College and an MPS degree from Alfred University. Ms. Green has authored ESSENTIALS OF HEALTH INFORMATION MANAGEMENT in addition to this book.

Mary Jo Bowie is the owner of Health Information Professional Services in Binghamton, New York which provides medical record consultative services for various health facilities for over 25 years. She served as an instructor in the Health Information Technology Program at Broome Community College for over fifteen years, teaching such courses as Inpatient Coding, Ambulatory Care Coding, Quality Assurance, Survey of Healthcare and Computers in Healthcare. Ms. Bowie is now the Health Information Management and Medical Coding program director at Mount Wachusett Community College and an associate professor. She develops all course content within the curriculum to include ICD-9-CM and ICD-10-CM/PCS courses, CPT/HCPCS courses, Introduction and Advanced Health Data courses to name a few. Ms. Bowie is a registered Health Information Administrator and an accredited Health Information Technician. She is an active member of the American Health Information Management Association (AHIMA) and is also an AHIMA ICD-10-CM/PCS approved Train the Trainer. She served on the New York State Health Information Association Board of Directors from 1989 to 1991 and was education director and on the Ambulatory Coding Guideline Committee. Mary Jo Bowie was the New York State nominee for the National Award for Literacy Contribution to Profession, 1993 and 1994. She is a National and Regional speaker on ICD-9-CM, CPT and ICD-10-CM and ICD-10-PCS, as well as a course writer for Cengage Learning. Ms. Bowie holds an Associate of Arts Degree, a Bachelor of Science Degree and a Master of Science Degree. She has conducted over 50 national training seminars on ICD-10-CM/PCS coding.
