Joe Bill Campbell PhD, June Mundy Campbell MEd MT(ASCP) : Laboratory Mathematics: Medical and Biological Applications before purchasing it in order to gage whether or not it would be worth my time, and all praised Laboratory Mathematics: Medical and Biological Applications:

0 of 0 people found the following review helpful. Five StarsBy CustomerExcellence!0 of 0 people found the following review helpful. Handy bookBy Casey LinNeeded this for one of my classes. I haven't really looked extensively through it, but it's still pretty useful, regardless.0 of 0 people found the following review helpful. Great ReviewBy Mary Ann MalecGreat review for dilutions, solutions, fractions and temp conversion. Received it just in time for the new semester to start.

The best laboratory math text on the market for almost 20 years, this title covers both the general principles of mathematics and specific equations, formulas, and calculations used for laboratory testing. It provides simple, easily

understood explanations of calculations commonly used in clinical and biological laboratories. Contains more than 1000 practice problems.
