I'm convinced I never would've passed the clin sims if not for the help of Lindsey Jones. The book and audio CDs tell you everything you need to know in order to successfully pass the exam. I've never used Kettering but I can't imagine how it could possibly improve upon what LJ offers.I am currently using the NPS review for my exam next month and then will start using the ACCS review. I highly recommend all the Lindsey Jones reviews to every RT I know and my only wish is that LJ would offer a PFT exam review.

3 cd rom. (1) 28 Clinical Simulations. (2) 860 Practice Questions. (3) 7 Instructional Clinical Simulations
