**Candace L. Goldsworthy : Linking the Strands of Language and Literacy: A Resource Manual** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Linking the Strands of Language and Literacy: A Resource Manual:

0 of 0 people found the following review helpful. Too much money!!By FrannieThe book had some interesting information and suggestions, but nothing really new that I don't already have from trainings and other books. I thought I was going to get a nice book with lots of materials to use. It was a little book with very little to print and use. Sorry, but I say save your money!!!

This book is designed for beginning and seasoned speech-language pathologists and others in regular and special education who work with students demonstrating oral and written language problems. The intent of this book is to provide a resource of excellence, a schema of good practice. Wherever you are in your practice you can use this book with a growing sensibility toward expertise. You may enter this book as a beginning clinician and move to a more advanced level, then move toward proficiency, to advanced proficient, and finally to expert. As you use the suggested goals and materials you will get more and more experience with the various language pathways, and with more practice your skills will become like second nature.

About the Author Candace Goldsworthy, PhD Candace L. Goldsworthy, Professor of Speech-Language Pathology at California State University, Sacramento (CSUS), received her doctorate from Case Western Reserve University in Ohio. Dr. Goldsworthy is co-director of the Sacramento Scottish Rite Clinic for Childhood Language Disorders and is a partner in the private practice of Speech-Language-Learning Associates. She served as Vice-Chair of the Department of Speech-Language Pathology and Audiology at CSUS for ten years. Katie Lambert, MS Katie R. Lambert is an ASHA board certified and California State Licensed Speech-Language Pathologist. She received her Master's of Science degree in Speech-Language Pathology from California State University, Sacramento, in 2007. Mrs. Lambert is on the staff of Speech-Language-Learning Associates, which contracts with the Sacramento Scottish Rite Language Clinic. She has developed particular expertise with young language-learning disabled children.
