Elizabeth A. Molle MS RN, Laura Southard Durham BS CMA, Connie West-Stack AAS (MLT) BS MEd CMA : Lippincott Williams Wilkins' Administrative Medical Assisting Plus Smarthinking Online Tutoring Service before purchasing it in order to gage whether or not it would be worth my time, and all praised Lippincott Williams Wilkins' Administrative Medical Assisting Plus Smarthinking Online Tutoring Service:

This text is designed to meet the needs of students in medical assisting who are studying the administrative portion of the curriculum, as well as students in transcription, coding, and related programs. This competency-based textbook provides a wealth of guidance for administrative skills. The text covers the "front office" topics: scheduling, billing, coding, bookkeeping, office management, and insurance issues. Helpful pedagogy, including Key Terms, a Glossary, and Critical Thinking Challenges familiarize students with the material and help with problem-solving. Lippincott Williams and Wilkins' Administrative Medical Assisting now includes bonus online faculty support and tutoring services powered by Smarthinking. Instructors and students can log on during designated times and "chat" directly with an experienced medical assisting educator. Instructors can get advice on topics such as lesson plans, how to

present difficult topics, test questions, learning activities and more. Students can get personal tutoring and instruction to help them grasp difficult concepts. The ancillary package also includes an Instructor's Resource Kit with an Instructor's Manual and Resource CD-ROM, as well as a student study guide.
