Lippincott Williams Wilkins' Clinical Medical Assisting, Third Edition teaches all the clinical skills students need to provide patient care in the medical office. This updated text and its ancillary resources cover all the competencies outlined by the AAMA and AMT for medical assisting practice. The book includes critical thinking questions and is

written for maximum readability, with a full-color layout, hundreds of illustrations, and boxes to highlight key points. A bound-in CD-ROM and a companion Website include animations, CMA/RMA exam preparation questions, an English-to-Spanish audio glossary, clinical simulations, clinical and laboratory skill video clips, competency evaluation forms, and worksheets for practice. A Skills DVD with demonstrations of the most important medical assisting skills is available separately. An Instructor's Resource CD-ROM and online instructor resources will be available gratis upon adoption of the text.
