Judy Kronenberger PhD RN CMA(AAMA), Laura Durham BS CMA, Denise Woodson MA MT (ASCP) : **Lippincott Williams Wilkins' Comprehensive Medical Assisting** before purchasing it in order to gage whether or not it would be worth my time, and all praised Lippincott Williams Wilkins' Comprehensive Medical Assisting:

2 of 2 people found the following review helpful. MY RATING ABOUT THIS PURCHASEBy Rhona H ThomasI only gave you two stars, because the book was sold to me as new and it is not new, it has someone's name written in it and there is a scratch code that I need to get on a particular website and I cannot because the code was use by Araceli Chavez. I would like to know what can I do next because I need to get onto the required website to view my class work. I just received the book on Saturday evening.If a book was used it should be sold as such and not otherwise I think that is deceptive and not good business practice.r/Rhona Thomas0 of 0 people found the following review helpful. Concise and to the pointBy BarbaraIt's a school book for my niece. She said it was concise and to the point.0 of 0 people found the following review helpful. My book was in great condition but the shipping took approximately 3

weeks to ...By Ashley LovelaceMy book was in great condition but the shipping took approximately 3 weeks to get here and I had started class before I received my book and could not do my work. 3 weeks is a little ridiculous if you ask me!!!

In the healthcare job market, much has changed in the past few years. Qualified healthcare workers are in demand, and in no area is this so apparent as in medical assisting. The challenges for the programs that train these assistants are multi-faceted:
