Dixie L. Dennis : Living, Dying, Grieving before purchasing it in order to gage whether or not it would be worth my time, and all praised Living, Dying, Grieving:

Many students wonder what it is like to die or how to cope when someone they love dies. Living, Dying, Grieving helps answer these important questions and provides a mature understanding of what death really is. Taking a life education approach, this book offers helpful tips and techniques for mastering a fear of death, suggests helpful ideas for taking care of the business of dying, and encourages students to live longer by adding excitement into their lives. With its unique balance of facts and emotions, both of which surround living, dying, and grieving across cultures and religions, the text gives students the perspective to effectively cope with death and the effects it will have on their lives.
