(currently 365) for the past 10 years. I upgrade probably every 2-3 years or so. The 2017 upgrade of this product is extremely easy to use and is seamlessly integrated into all products within the Microsoft Office suite. It has all the commonly and uncommonly used medical terms and is very up-to-date on nearly all the new drug products (at least all the ones I use in my practice). The installation is extremely easy and takes about a minute. I highly recommend this for anyone that uses word processing or PowerPoint to prepare presentations, medical articles, patient notes, or who uses Dragon NaturallySpeaking to dictate in Microsoft Word products. 0 of 0 people found the following review helpful. Stedman's Plus Version 2017 Medical/Pharmaceutical Spellchecker contains nearly 500,000 medical, pharmaceutical, and bioscience terms, including brand new updates to thousands of terms to ensure users the most current, comprehensive, and reliable content on the market. Compatible with a broad range of word processing systems, this spellchecker is convenient for every user who creates or edits medical documentation. Windows users also receive Stedman's Universal Spellchecker, which integrates spellcheck technology throughout your desktop. The standard single-user version is available as a Windows and Macintosh compatible CD-ROM. The 2017 version includes new medical and equipment terms introduced in 2016 and updated drug terminology drawn from Lexi-Comp, Inc. (Lexi-Drugs™) and the Nursing 2017 Drug Handbook! If you are a current user of the Stedman's Spellchecker (having purchased within the last two versions), please call 1-800-638-3030 with your registration information to get pricing for an upgrade.
