Norman E. Bolus : Steves' Review of Nuclear Medicine Technology: Preparation for Certification

Examinations before purchasing it in order to gage whether or not it would be worth my time, and all praised Steves' Review of Nuclear Medicine Technology: Preparation for Certification Examinations:

0 of 1 people found the following review helpful. So helpful!By chellebelle1214Gives a general overview of all the material covered in classes instead of spending hours reviewing class notes. Includes a mock exam at the end so you can test yourself before the exam. This will definitely help prepare for mock exams in class and the actual examination in the future.0 of 1 people found the following review helpful. Recommended for Nuclear Medicine studentsBy JenSelected for my students in the Nuclear Medicine program. Wonderful text.0 of 1 people found the following review helpful.
