empower themselves with strategic business skills. Great book.0 of 0 people found the following review helpful. but don't recommendBy Brooke BVery poorly written text book...was required for a class, but don't recommend it0 of 0 people found the following review helpful. Five StarsBy Karen EasterRequired reading, Served it purpose.

This text builds insight and breaks boundaries that have historically hampered nursing's professional progression and power as a stakeholder in an ever-changing global business-based healthcare arena. The Essential Guide to Strategic Planning for Nurses offers specific skill and knowledge-based instruction on business concepts, trends and issues that face the demographically and culturally diverse nursing workforce of the 21st century.
