The school gave us the book, but did not think we needed the workbook. The teacher has been photocopying the workbook as we review each chapter for us to practice with. Now I can do my own instead of waiting for the copies. I recommend this to all students taking the class, in any school. 0 of 0 people found the following review helpful. came fast and good condition By Vera I appreciate how much

fast it came and little bit some home work done in there but it is useful for me compare my home work with somebody home work. Any way, this book came fast and very helpful.thanks0 of 0 people found the following review helpful.
