**Association of Surgical Technologists : Study Guide to Accompany Surgical Technology for the Surgical Technologist: A Positive Care Approach** before purchasing it in order to gage whether or not it would be worth my time, and all praised Study Guide to Accompany Surgical Technology for the Surgical Technologist: A Positive Care Approach:

This Study Guide is a valuable adjunct to Surgical Technology for the Surgical Technologist. It requires the learner to apply general concepts and specific knowledge of techniques and surgical procedures. The numerous features continue the process of improving critical thinking skills. The A POSitive CARE approach to systematic problem solving is

reinforced. The Study Guide provides further opportunities for the learner to develop the unique abilities the surgical technologist brings to the surgical environment.

About the AuthorAs the oldest and most widely recognized professional organization that represents more than 80,000 surgical technologists, the Association of Surgical Technologist's primary purpose is to ensure that surgical technologists have the knowledge and skills to administer patient care of the highest quality.
