From Gloria D Heinemann : Team Performance in Health Care: Assessment and Development (Issues in the Practice of Psychology) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Team Performance in Health Care: Assessment and Development (Issues in the Practice of Psychology):

This volume presents the work of clinical health care teams and natural work groups, quality improvement teams,

committees, and task forces made up of employees in health care settings. It discusses proven multidimensional instruments that measure team performance along with future needs for measuring team performance. It will be a resource for medical instructors and students, public health workers, and health administrators interested in team management.
