This innovative program on CD-ROM uses a competency-based, self-paced, multi-media approach to teach medical terminology in a fun and interactive way. It was designed to accompany the texts that set the standard in medical terminology education: *Medical Terminology: A Body Systems Approach*, 6th Edition and *Medical Terminology Simplified: A Programmed Learning Approach* by Body Systems, 4th Edition. But, it can also serve as a stand-alone self-paced study tool.
