**Sandra L. Hagen-Ansert : Textbook of Diagnostic Ultrasonography, Volume Two** before purchasing it in order to gage whether or not it would be worth my time, and all praised Textbook of Diagnostic Ultrasonography, Volume Two:

1 of 1 people found the following review helpful. Fantastic!By janda9092I saved a bundle of cash by ordering the next older editions of this book. It has everything in it that I needed that my class had in the newest (and more expensive) edition. I would recommend this procedure to everyone. This book was packaged well and arrived quickly.0 of 0 people found the following review helpful. Five StarsBy Mayra GonzalezThank you!1 of 1 people found the following review helpful. Great ultrasound bookBy malbarmilI lost volume 2 after I finished school and just had to buy another copy for review. Great book for the sonographer's library.

Hardcover; Volume Two; pages 691-1313; plus a 24-page glossry, plus a 50-page index; slightly over 11 1/8" tall.
