0 of 0 people found the following review helpful. Healthy FoodBy Lynnette RossA recipe book for those who enjoy healthy food. While the author has ridden on the back of Michael Mosley's 5:2 Fast Diet, there is an effort to give valuable information about the home-grown food and making it an important part of our daily eating. If you are unable (or cannot be bothered) working out your own recipes, then guidance is given on preparation and calorie count. The book also includes information on High Intensity Training (HIT) however if you are a devotee of Michael Mosely's Fast Diet and HIT, then there is definitely more background research in other books.The book is a useful tool for those seeking some inspiration for low calorie meals at home and incorporating HIT into their lifestyle.0 of 0 people found the following review helpful. Great overview about intermittent fasting and moreBy B. van DijkWhile I am not really convinced this diet is something for me. The book was very clear about what this diet is and how to use it.With the 50 recipes you have a lot of choices on the fasting days. Intermittent fasting is a big topic lately and proven to work.That's why I was interested in reading this book.Next to the recipes the book is really honest about both the positive and negative effects of this diet. Most authors seem to "forget" to mention the negative parts.I think it's really important to know both sides.The chapter about yoga and fasting was very interesting as well. I will recommended this book to people to learn more about this diet.1 of 1 people found the following review helpful. good intro to the 5:2 lifestyleBy IlincaI quite enjoyed the intro and explanations, and especially the recipes. Even if you're not on the 5:2 diet, this is a wonderful set of recipes for healthy living.

Would You Like To Lose Weight Using The 5:2 Fast Diet Plan But Don't Know- The Best Low Calories Recipes For Fasting Days? ??? The Weight Loss Is Very Easy - Individuals who decide to follow the 5:2 Diet will consume a low-calorie diet for only two days out of the week (Intermittent Fasting). The two days do not need to be consecutive and the other five days can be normal eating. Get: Top 50 Low Calories Delicious Recipes During Fasting Days!!! Men are allowed to eat 600 calories, while women are allowed to consume 500 calories. Typical fasting includes breakfast of 300 calories and a lunch or dinner that equals the other 300 calories.
