**Charles Milton Carpenter 1895- [from old catalog] : The bacteriology of the female reproductive organs of cattle and its relation to the diseases of calves ..** before purchasing it in order to gage whether or not it would be worth my time, and all praised The bacteriology of the female reproductive organs of cattle and its relation to the

diseases of calves ...:

This reproduction was printed from a digital file created at the Library of Congress as part of an extensive scanning effort started with a generous donation from the Alfred P. Sloan Foundation. The Library is pleased to offer much of its public domain holdings free of charge online and at a modest price in this printed format. Seeing these older volumes from our collections rediscovered by new generations of readers renews our own passion for books and scholarship.
