**Steven G. Yeomans : The Clinical Application of Outcomes Assessment** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Clinical Application of Outcomes Assessment:

1 of 1 people found the following review helpful. Must Have Chiropractic Text! By Monte J. Horne Dc This is a must have text for every chiropractic physician. I give out several copies per year at our on site seminars. Monte Horne, DC 2 of 4 people found the following review helpful. MISunderstood By Dr. John I ordered this product thinking that it was a book. Instead it was an e-book. While it was most likely worth the price asked for it, I prefer an actual book and it looked like that was what I would be getting when I ordered it. My fault for not noticing the fine print.

A much-needed, across-the-board overview of the use and application of outcome assessment (OA) and functional

testing in chiropractic, including selection criteria, utility, scoring, interpretation, and validity. Features chapter outlines, clinical tips, clinical alerts, extensive tables, and case studies for easy access to information. Appendix features over 200 key tools and forms, including the "gold standards."
