Jacquelyn R. Marshall : The Clinical Laboratory Assistant/Phlebotomist (Clinical Allied Healthcare) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Clinical Laboratory Assistant/Phlebotomist (Clinical Allied Healthcare):

0 of 0 people found the following review helpful. happy with itBy ElliThe book was in a great shape and as good as new.I also got it on time and was happy about it.0 of 0 people found the following review helpful. greatBy briThe book came pretty quickly. it was also in great shape. I was very impressed with this product and when I need to buy in the future will consider them again.

The Clinical Laboratory Assistant/Phlebotomist provides the coursework essential for students desiring entry-level

positions in this field. Students are introduced to the departments within the clinical laboratory and to an overview of job opportunities. Fundamental skills such as venipuncture procedures, and specimen collection, as processing, and transportation are thoroughly described.
